For a number of years I had pain in my head around my eyes. and I thought it was because my eyes needed treatment, so I went to an occilist and had glasses fitted to my eyes and wore them for some time, but felt no relief whatever, In fact, I felt worse than before, and came to the esaclusion that the trouble was not with my eyes, but with my head and that a must be catarrh. At we many of my friends had used Peruna with benefit for this trouble, I thought I would try it. I was not sorry that I did so, for in a short time I began to improve, and in four weeks my eyes were in splendid condition, my general health was much improved and all the catarra of the head was gone. I was glad to get rid of this trouble and am glad to endorse such a good medicine as Peruna,"-Miss Amanda
